MC33063AVD is a precision monolithic CMOS voltage regulator...

MC33063AVD

MC33063AVD

Table with 2 columns: Parameter and Value. Includes input voltage (1.25V), output voltage (3V), regulation type (Buck, Boost), package (8-SOIC), and frequency (100kHz).

Table with 2 columns: Parameter and Value. Includes input voltage (40V), output voltage (40V), regulation type (No), and current (1.5A).
