

TLC5946RHBRG4

Table with 4 columns: Part Number, Description, RoHS, Stock/Location. Includes links for Datasheet and Power Management Guide.

Product description text in Chinese, mentioning '24 pins' and 'info@global-ic.hk'.

Technical Specifications for TLC5946RHBRG4

Technical specifications table with two columns. Parameters include supply voltage (3V, 5.5V), current (17V, 40mA), shift register, and package type (32-VQFN).

Product Features

Product features table with 3 columns. Includes details about 800nm LEDs, LoRaWAN connectivity, and various certifications.
